## Introduction to Traditional and Digital Photography for Adults/Children With Suzanne Gude, Professional Photographer

The BAHC Phoenix Gallery is beginning a series of Adult/Child programs that invite artists, both young and mature, to learn together in an artistic environment. This first program begins with a workshop to introduce a digital photography series. Learn from a pro who has owned and operated a successful studio for 23 years. Susann Gude, a seasoned educator (SUNY Farmingdale Professor, Adult Education and BOCES Instructor) will teach you how to take your own professional looking photographs. This class will focus on the elements that comprise a successful photograph. Equipment choices, digital and traditional cameras, lighting- home made tools, props, posing, clothing, composition, lighting and locations will all be discussed.

This introductory workshop will consist of an hour of instruction at the Phoenix Gallery followed by an hour of picture taking around the village of Bellport and finish with a slide show of students' photographs back at the gallery.

Participants should bring their own digital camera as well as the wire to connect to a computer to upload pictures for the slide show. (Traditional film cameras are welcome but will not be included in the slideshow. Single use digital cameras can also be used.)

Phoenix Gallery  
Saturday, August 29, 2009  
9 to 11:30 am

Cost: \$25.00 per couple (adult/child) or \$15.00 per single adult

I understand that the Brookhaven Arts & Humanities Council (BAHC) is not responsible for loss or damage to any camera equipment used during participation in this workshop.

I agree to the above terms and conditions.
